About Lake Forest Government

Lake Forest is incorporated as a city under a charter granted by the Illinois State Legislature in 1861 and amended in 1869. This special charter provides distinct advantages not available to cities incorporated under the general statutes enacted by the legislature after the adoption of the 1870 Illinois Constitution. The main advantage is that the charter permits Lake Forest to be administered efficiently and economically with a minimum number of separate government bodies.

The City Council is the legislative and policy-making body. It includes the Mayor and eight Aldermen, two from each of the City's four wards.

The Mayor votes only in cases of a tie or where one-half of the Aldermen have voted in favor of an ordinance, resolution or motion even though there is no tie, or where a vote greater than a majority of the Corporate Authorities is required by statute. He or she may veto ordinances passed by the Council, who, in turn, may override his/her veto by a two-thirds vote. The Mayor is elected for a two-year term and receives a token salary of \$10 per year. Aldermen are elected to staggered two-year terms, with one Aldermen elected from each ward annually. Aldermen receive no compensation.

The day-to-day operations of Lake Forest's government are in the hands of a full-time professional City Manager who oversees almost 200 employees and annual expenditures for all funds. He is appointed by the Mayor with the approval of the City Council.

The City encourages dedicated and civic-minded residents to participate in their local government. Any resident interested in serving on a board or commission can contact the Office of the City Manager (847-810-3675). All appointments are made by the Mayor with advice and consent of the City Council.
