| Subject(s) | Josko, Marek, male, age 67, Przemysl, Poland | | | |
| Summary | <p>Lake Forest Police Department announces the arrest and extradition of Marek Josko from Przemysl, Poland to Waukegan, Illinois to face a 1995 charge of Reckless Homicide. The result of a multi-vehicle crash in 1995, caused by Josko, resulted in the death of Dennis Bourassa. On December 9, 1995 at approximately 1:30am, according to several witnesses, Marek Josko was driving a vehicle southbound in the northbound lanes of Route 41, just north of Deerpath Road in Lake Forest, when he caused a collision with another vehicle. That collision caused another collision with a vehicle being driven by Dennis Bourassa. As a result of the second collision, Bourassa suffered serious head injuries and died as a result of those injuries. Josko was arrested for DUI and a blood test indicated his BAC at the time of the crash was 0.19. Once released on bond for the DUI, Josko fled the United States before he could be arrested on a Reckless Homicide Warrant in the death of Bourassa. Josko has never been apprehended pursuant to this Warrant, nor has he appeared voluntarily in any court to be arraigned on charges. The U.S. Embassy in Poland, the U.S. Department of Justice Office of International Affairs, and the FBI vigilantly worked for several years to locate Josko in Poland in order to arrest him and have him extradited back to the U.S. to stand trial. In February 2020, Josko was finally located and arrested by Municipal Police in Przemysl, Poland and held pending an extradition hearing in Poland. Due to the COVID-19 crisis, Josko's extradition was held up until June 25th 2020 when the US Marshals Service took custody of Josko and transported him from Poland to Midway airport. Josko was turned over to deputies with the Lake County Sheriff's Warrant Unit. Josko was then transported to the Lake County Jail where he will be held pending a bond hearing. On Saturday, June 27, Josko appeared in Lake County Bond Court before Judge Rochford for his bond hearing.</p> | | | |
